

# THE walking classroom

walk. listen. learn.

**Boost academic engagement while increasing physical activity!**

*The Walking Classroom!*

**Students listen to kid-friendly educational podcasts while walking —they walk, listen, and learn!**

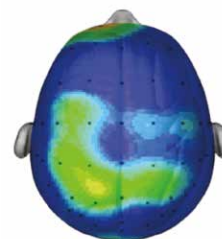

-  Program is used in all types of educational settings (classrooms, afterschool, camps, mentor programs, etc.).
-  Podcasts are appropriate for grades 3 through 8.
-  Each 15-minute podcast also features a health message and highlights character values.
-  Guides include lesson plans, discussion questions, and quizzes for each podcast.
-  Complimentary online training and professional development is available.
-  Program is EASY to implement!

## Demonstrated Results

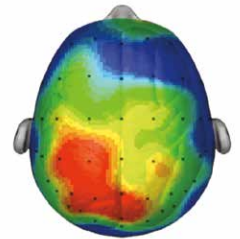

-  Engages different learning styles
-  Differentiates instruction
-  Increases physical activity
-  Builds core content knowledge
-  Broadens class participation
-  Develops healthy habits

## Evidence-Based

Composite of 20 student brains taking the same test

After sitting quietly

After 20-minute walk

Research/scan compliments of Dr. Chuck Hillman, University of Illinois

Award-winning nonprofit program is used in both rural and urban settings by tens of thousands of students in all 50 states!

*"Believe it or not, The Walking Classroom lets me learn even better than when I learn in class. The Walking Classroom is the best."*

*– Tyrone, 5th grader, Florida*
