To Whom it may concern,

The Walking Classroom is a program of Alliance for a Healthier Generation, a nonprofit organization ensuring every mind, everybody, and every young person is healthy and ready to succeed. Created by Laura Fenn, The Walking Classroom is an award-winning program that strengthens students' physical, mental, and academic health.

This letter is to affirm that Healthier Generation is the sole provider and distributor of The Walking Classroom program materials nationwide. The podcasts, and associated materials, are covered by copyright and are only distributed through Alliance for a Healthier Generation. Additionally, as the owner and sole distributor of The Walking Classroom, Alliance for a Healthier Generation is optimal to lead evaluation and monitoring of performance measures for the program.

The Walking Classroom products are available for purchase through American Heart Association's ShopCPR website.

Please feel free to contact me should you have any questions.
Thank you,
